PORTFOLIO / 2026

IDEAS BECOME EXPERIENCES.

Premium web design, motion and visual worlds for products, spaces and brands.

VAELON STUDIO

CAPABILITIES

DESIGN. MOTION. DEPTH.

A focused stack for premium interactive websites and visual presentations

01 **PREMIUM WEB DESIGN**

Custom visual direction, responsive layouts, landing pages and brand-led digital experiences.

02 **SCROLL & MOTION**

GSAP, ScrollTrigger, Lenis, cinematic reveals, pinning and controlled interaction.

03 **3D & PRODUCT VISUALS**

Blender / Meshy workflows, exploded views, material studies and web-ready product assets.

04 **CREATIVE VISUALIZATION**

Spatial concepts, moodboards, campaign imagery and AI-assisted visual development.

05 **FRONTEND BUILD**

HTML, CSS, JavaScript, Vite, Three.js where useful, performance-aware implementation.

06 **QA & DEPLOYMENT**

Desktop/mobile checks, reduced motion, asset optimization, Vercel / Cloudflare / GitHub workflows.

01 / 15 SPACE & INTERIOR

Zender Spaces

CREATIVE CASE STUDY - SAMPLE ASSIGNMENT

Spaces with identity. Office and boutique-hotel concepts combine material, light and wall design into one coherent visual story. The presentation moves from baseline to intervention, compares design directions and turns the concept into an interactive digital experience.

ART DIRECTION

SPATIAL VISUALIZATION

INTERACTIVE PRESENTATION

Concept / portfolio work. Selected visuals are AI-assisted.

02 / 15 CRAFT & ARCHITECTURE

Dachwerk / Roofing

PREMIUM WEBSITE - INDUSTRY CONCEPT

A roofing business is presented through a scroll-driven construction sequence: from structure and roof build-up to the finished result. The concept combines material close-ups, service clarity and cinematic motion to make craftsmanship visible.

WEBSITE DESIGN

GSAP MOTION

VISUAL STORYTELLING

Concept / portfolio work. Selected visuals are AI-assisted.

03 / 15 PRODUCT & LUXURY

Aurelia

LUXURY WATCH - SELF-INITIATED CONCEPT

Platinum meets gold. From exploded components to the dial and final assembly, Aurelia is built as a premium product story focused on material, precision and controlled scroll choreography.

PRODUCT ART DIRECTION

3D WORKFLOW

SCROLL EXPERIENCE

Concept / portfolio work. Selected visuals are AI-assisted.

04 / 15 AUTOMOTIVE

G63 / AMG

INDEPENDENT AUTOMOTIVE DESIGN STUDY

A dark studio, angular silhouette and warm interior accents create a cinematic vehicle world. Exterior views and cockpit-focused motion explore how an automotive product can be presented as an atmosphere instead of a specification sheet.

- AUTOMOTIVE VISUALS
- MOTION DIRECTION
- PRODUCT STORYTELLING

Concept / portfolio work. Selected visuals are AI-assisted.

05 / 15 PRODUCT & FASHION

Carlo Colucci

INDEPENDENT KNITWEAR DESIGN STUDY

Color becomes character. The study explores garment structure, transparency and an assembly-style presentation designed for an interactive product page.

FASHION VISUALIZATION

ASSET OPTIMIZATION

SCROLL ASSEMBLY

Concept / portfolio work. Selected visuals are AI-assisted.

06 / 15 FOOD & MOTION

Eiscafe

SELF-INITIATED MOTION CONCEPT

An empty glass becomes a product story: ice, milk and espresso build the drink step by step. The visual sequence is designed to translate naturally into a scroll-controlled web experience.

FOOD VISUALIZATION

MOTION CONCEPT

SCROLL SEQUENCE

Concept / portfolio work. Selected visuals are AI-assisted.

07 / 15 GASTRO & LOCAL BUSINESS

Arte Italiana

PREMIUM PIZZERIA WEBSITE CONCEPT

Warm Italian atmosphere, product-first food imagery and a stronger digital hierarchy elevate the restaurant beyond a standard menu template. The concept connects premium presentation with a practical ordering and menu structure.

- WEB DESIGN
- FOOD ART DIRECTION
- LOCAL BUSINESS UPGRADE

Concept / portfolio work. Selected visuals are AI-assisted.

08 / 15 GASTRO & INTERACTIVE

GUTEBURGER

PREMIUM RESTAURANT WEBSITE CONCEPT

Floating layers and close product shots turn a burger into a visual product story. The website concept combines a hero sequence, menu navigation, gallery, reservation flow and motion details.

- INTERACTIVE WEBSITE
- GSAP
- PRODUCT-FIRST STORYTELLING

Concept / portfolio work. Selected visuals are AI-assisted.

09 / 15 SPACE & ARCHITECTURE

House / Construction

ARCHITECTURE - FILM AND WEB CONCEPT

From construction site to finished architecture, the project uses a continuous build sequence as the foundation for a scroll-led website. The emphasis is transformation, scale and cinematic progression.

VIDEO-TO-WEB CONCEPT

ARCHITECTURE

SCROLL CHOREOGRAPHY

Concept / portfolio work. Selected visuals are AI-assisted.

10 / 15 SPACE & ARCHITECTURE

Vertical Residence

HIGH-RISE ARCHITECTURE CONCEPT

A vertical world above the city. The concept moves between skyline, structure, entrance, park areas and rooftop terraces to present one building at multiple scales.

- ARCHITECTURE VISUALIZATION
- SPATIAL STORY
- PREMIUM WEB DIRECTION

Concept / portfolio work. Selected visuals are AI-assisted.

11 / 15 TRAVEL & LUXURY

The Superyacht

SELF-INITIATED LUXURY CONCEPT

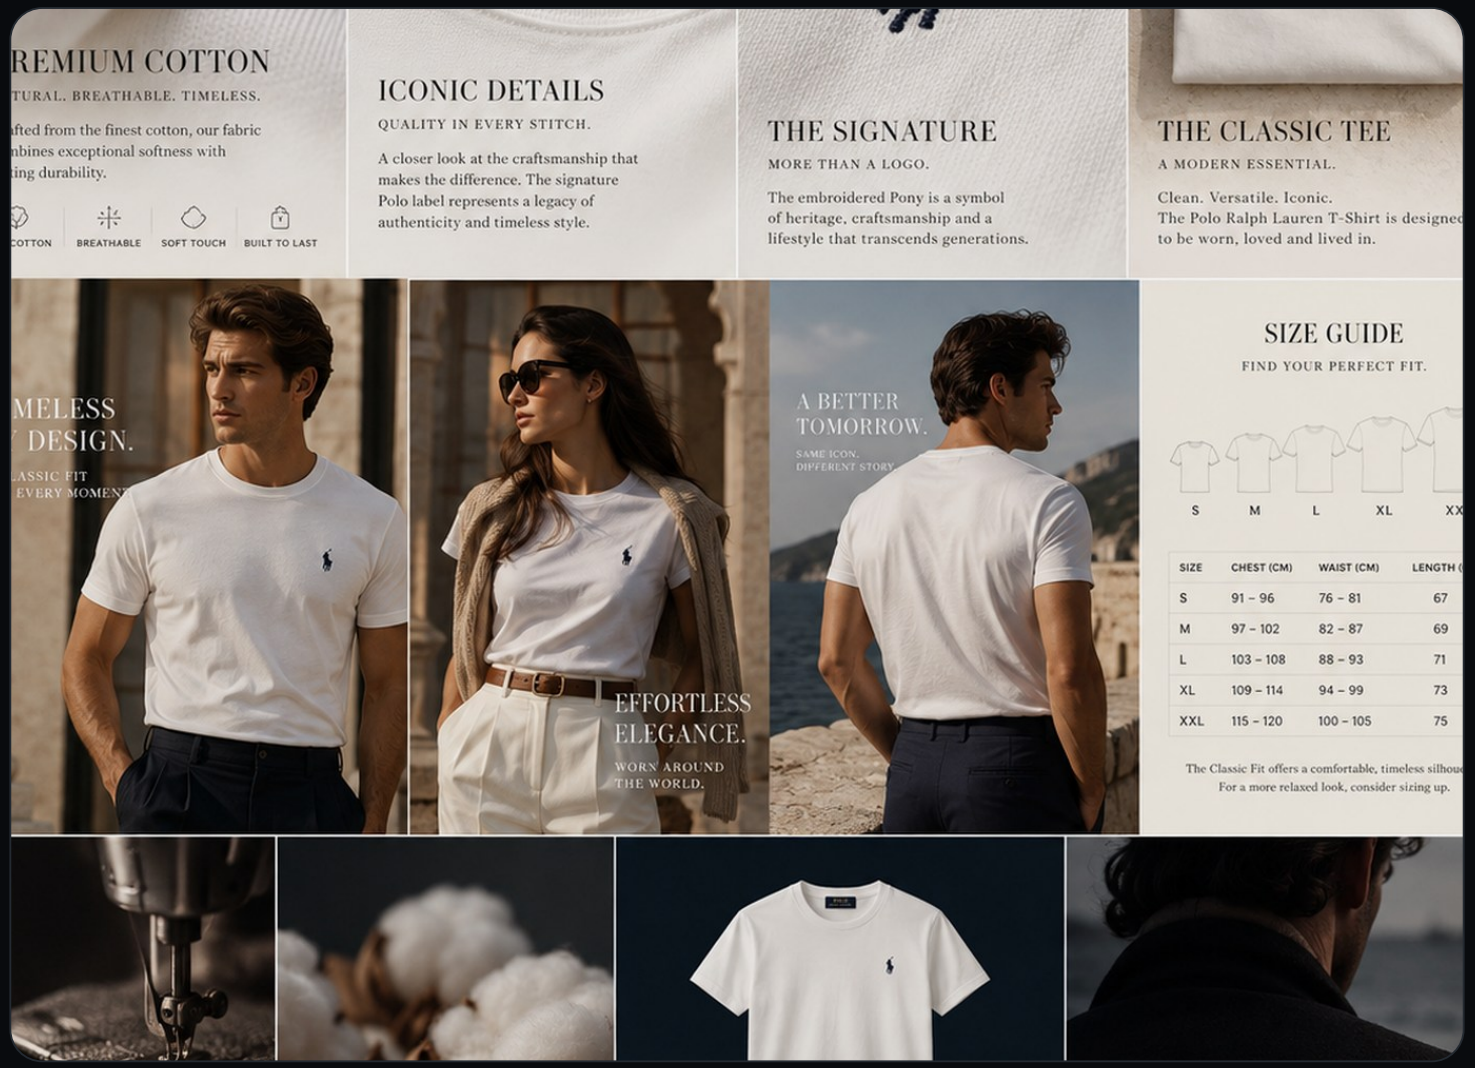
Scale, water and architecture become one visual language. The yacht is shown from engineering-inspired construction imagery to finished motion at sunset, treating the vessel as both product and living space.

LUXURY VISUALIZATION

CINEMATIC MOTION

SPATIAL STORYTELLING

Concept / portfolio work. Selected visuals are AI-assisted.



12 / 15 PRODUCT & FASHION

Ralph Lauren

INDEPENDENT TEXTILE DESIGN STUDY

A white shirt, intentionally reduced. Product views, editorial lookbook composition and a making-of direction explore fabric, craftsmanship and timeless fashion presentation.

EDITORIAL DESIGN

PRODUCT VISUALIZATION

FASHION MOTION

Concept / portfolio work. Selected visuals are AI-assisted.

13 / 15 PRODUCT & FASHION

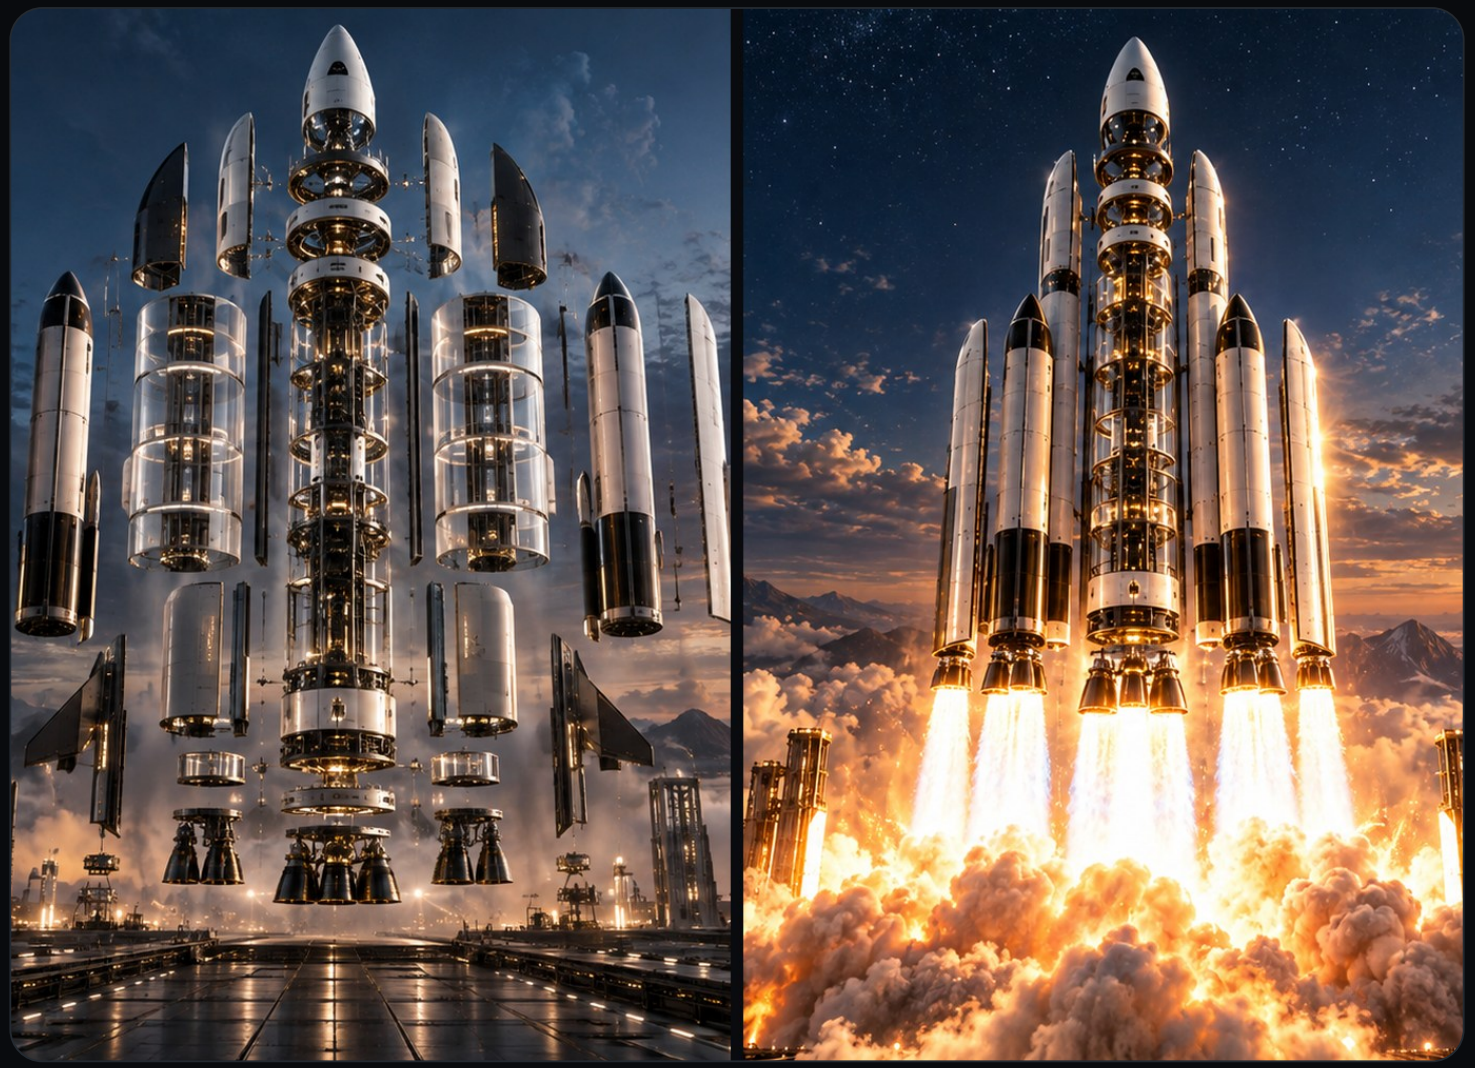
Air Max 97

INDEPENDENT SNEAKER DESIGN STUDY

An icon in silver. Exploded layers, reflective materials and technical details turn the sneaker silhouette into a high-end product world designed for launch pages and interactive storytelling.

- PRODUCT VISUALIZATION
- EXPLODED VIEWS
- DIGITAL CAMPAIGN CONCEPT

Concept / portfolio work. Selected visuals are AI-assisted.



14 / 15 EXPERIMENTAL

Beyond Earth

SPACE - FILM AND IMAGE CONCEPT

From construction to lift-off. Monumental rocket visuals combine technical detail with the dramatic moment of launch, designed as a cinematic web and motion experiment.

CONCEPT VISUALIZATION

MOTION DIRECTION

EXPERIMENTAL WEB

Concept / portfolio work. Selected visuals are AI-assisted.

15 / 15 TRAVEL & LUXURY

The Grand Express

LUXURY RAIL - MOTION STUDY

A cinematic luxury-train study focused on exterior presence, interior atmosphere and a sense of journey. The concept extends VaelonStudio's motion language into premium travel and hospitality.

LUXURY TRAVEL

CINEMATIC VIDEO

WEB STORYTELLING

Concept / portfolio work. Selected visuals are AI-assisted.

VAELONSTUDIO

A FEEL FOR FORM.
AN EYE FOR MOTION.

Digital experiences with a distinct visual language - built around premium web design, scroll-based storytelling, product visuals and spatial concepts.

INTERACTIVE PORTFOLIO

vaelon-portfolio.dentalelitepro.chatgpt.site

Disclosure: The selection includes self-initiated projects, independent brand studies and the Zender Spaces sample assignment. AI-assisted visuals are used in selected concept work. Named brands in independent studies identify the subject of the study and are not presented as commissioned clients.
